**Venue:**

<http://maritim.com/en/hotels/germany/hotel-stuttgart>

The 5th iNTEg-Risk conference is an excellent opportunity for project partners to communicate their results to the "outside world" and an opportunity for interested professionals, not participating in the iNTEg-Risk project, to learn about the project and its numerous results (<http://integrisk.eu-vri.eu>). This conference is partly dedicated to one of the ways for ensuring sustainability of the final project results: The European Emerging Risk Radar (E2R2) Initiative is envisaged as a platform enabling to recognize, monitor and manage emerging risks at the European level.

The preliminary program of the conference comprises:

1. **May 20, 2013**
iNTEg-Risk Education and Training Course on ISO 31000 Principles
elaborating the risk management principles, framework and process as described in ISO 31000:2009.
2. **May 20, 2013**
Hands-On Demo Session of iNTEg-Risk 1StopShop
showcasing the key project results such as RiskAtlas, RiskEars, RiskRadar, etc.
3. **May 21-22, 2013**
Main Conference
with strong presence of notable representatives from government, regulatory and standardization brokers, EU authorities and EU agencies, industry and other organizations showing how the stakeholders can benefit from the final project results.
4. **May 21, 2013** (afternoon, as part of the main conference)
OECD High Level Risk Forum (HLRF) Workshop
will be dedicated to advanced methods and tools for dealing with systemic global risks. To participate in this workshop, interested persons should register for the main conference.
5. **May 22, 2013** (afternoon, as part of the main conference)
3rd China-Europe Risk Forum
to continue in stimulating the cooperation between China and Europe on Risk Management.
6. **May 22-23, 2013**
iNTEg-Risk Project (EU-VRi / ETPIS) Meetings
7. **May 24, 2013**
