## Indexing/Abstracting

- Current Mathematical Publications
- Mathematical Reviews
- MathSciNet
- PubScience

## Guidelines for Contributors

Authors should submit their papers (in triplicate for hard copies or in electronic version) to any one of the Managing Editors.

## Aims and Scope

The Journal of Mathematical Logic (JML) provides an important forum for the communication of original contributions in all areas of mathematical logic and its applications. It aims at publishing papers at the highest level of mathematical creativity and sophistication. JML intends to represent the most important and innovative developments in the subject.

## Published Papers

- Strongly Meager Sets Do Not Form an Ideal (*T Bartoszyński & S Shelah*)
- Squares, Scales and Stationary Reflection (*J Cummings et al.*)
- The Indiscernible Topology: A Mock Zariski Topology (*M Junker & D Lascar*)
- Hyperdefinable Groups in Simple Theories (*F Wagner*)
- Canonical Behavior of Borel Functions on Superperfect Rectangles (*O Spinas*)
- Solutions to Congruences Using Sets with the Property of Baire (*R Dougherty*)
- Open Sets Satisfying Systems of Congruences (*R Dougherty*)
- Galois Groups of First Order Theories (*E Casanovas et al.*)
- Countable Borel Equivalence Relations (*S Jackson et al.*)
- Nowhere Precipitousness of the Non-Stationary Ideal over  $P$  (*Y Matsubara & S Shelah*)
- An Ordinal Analysis of Admissible Set Theory Using Recursion on Ordinal Notations (*J Avigad*)
- Knight's Model, Its Automorphism Group, and Characterizing the Uncountable Cardinals (*G Hjorth*)

Notice from the editors .....	1248
Errata .....	1639

The JOURNAL invites submission of (1) original technical papers in the field of symbolic logic, (2) expository papers in this field, (3) papers whose main point is philosophical and which either bear upon logic or make use of its methods, and (4) studies in the history of logic in which modern technical developments are taken into account.

Articles being submitted for publication in the JOURNAL should be sent to one (and only one) of the following editors: *Françoise Delon*, *UFR de Math., Univ. Paris VII, 2 pl. Jussieu, case 7012, F-75251 Paris cédex 05, France* (delon@logique.jussieu.fr); or *Rod Downey*, *Department of Mathematics, Victoria University of Wellington, Box 600, Wellington, New Zealand* (rod.downey@vuw.ac.nz); or *John Etchemendy*, *Department of Philosophy, Stanford University, Stanford, CA 94305, USA* (jetch@csli.stanford.edu); or *Robert Goldblatt*, *Department of Mathematics, Victoria University, Box 600, Wellington, New Zealand* (rob.goldblatt@vuw.ac.nz); or *Martin Grohe*, *Laboratory for the Foundations of Computer Science, Division of Informatics, University of Edinburgh, Edinburgh EH9 3JZ, Scotland, U.K.* (grohe@dcs.ed.ac.uk); or *Greg Hjorth*, *Department of Mathematics, University of California, Los Angeles, CA 90095-1555, USA* (greg@math.ucla.edu); or *Michael Rathjen*, *School of Mathematics, University of Leeds, Leeds LS2 9JT, England* (rathjen@amsta.leeds.ac.uk); or *Simon Thomas*, *Department of Mathematics, Rutgers University, New Brunswick, NJ 08903, USA* (stthomas@math.rutgers.edu).

Submitted manuscripts should be typewritten with wide margins and with double spacing between the lines, or prepared with a word processor, such as L<sup>A</sup>T<sub>E</sub>X or Microsoft Word. Two copies of the manuscript should be sent to the editor, and the author should also keep a complete copy and the electronic file from which the submitted copy was prepared, if a word processor was used. After the paper is accepted in its final form, an electronic copy will be appreciated and will advance the final publication date of the paper, especially if it is in L<sup>A</sup>T<sub>E</sub>X or A<sub>M</sub>S-L<sup>A</sup>T<sub>E</sub>X. The JOURNAL and the BULLETIN OF SYMBOLIC LOGIC are typeset in a version of A<sub>M</sub>S-L<sup>A</sup>T<sub>E</sub>X, using a stylefile which is posted on the ASL Website, <http://www.aslonline.org>, along with instructions for its use. Fifty offprints of each article are supplied at no charge, and additional offprints may be purchased if desired.

Volumes 1 through 61 of the JOURNAL are available online in the JSTOR database.

Reviews of articles and books in logic which in the past were published in the JOURNAL have been moved to the BULLETIN OF SYMBOLIC LOGIC, beginning with the March 2000 issues.

Individual membership in the Association is open to anyone interested in its work. Annual dues for members are \$60 (\$30 for students). Dues include subscriptions to the current volumes of the JOURNAL and the BULLETIN. Institutional membership in the Association is available to any academic institution or department. Annual institutional dues are \$550 for 2002. Membership privileges include choices of current subscriptions, back volumes, and student memberships. A detailed description of institutional and corporate memberships is available from the Secretary-Treasurer.

Requests for information, applications for membership, orders for back volumes, business correspondence, and notices and announcements for publication in the BULLETIN should be sent to the Secretary-Treasurer of the Association, *Charles Steinhorn*, *ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, NY 12604 USA*. The electronic mail address of the Association's business office is [asl@vassar.edu](mailto:asl@vassar.edu). The ASL Website is located at <http://www.aslonline.org>. Links from that site provide further information on the JOURNAL and on submitting papers for publication.

Notices of change of address, dues payments, and subscription orders to the JOURNAL and BULLETIN should be sent to: *Association for Symbolic Logic, Journals Division UIP, 1325 South Oak Street, Champaign, IL 61820-6903, USA*.

All orders must be accompanied by payment in US dollars; Visa and MasterCard charges are accepted. To receive a replacement copy of the JOURNAL, please report damaged, defective, or missing issues within nine months of the date of publication.

All back volumes of the JOURNAL are available. Volume 26 is an index for Volumes 1–26 and Number 4 of Volume 45 is an index for Volumes 27–45. Number 4 of Volume 55 is a cumulative index for Volumes 27–55 (it includes the index published in Volume 45, Number 4, except for listings of reviews by subject, which has been discontinued). A revised edition of *A Bibliography of Symbolic Logic* by Alonzo Church may be purchased separately. Members of the Association may purchase back volumes for their personal use at a 50% discount. This discount also applies to institutional members. Orders should be sent to the Secretary-Treasurer, from whom the current price list is available.

The paper used in this JOURNAL is acid-free and falls within the guidelines established to ensure permanence and durability.
