BRITISH PRIME MINISTERS IN THE TWENTIETH CENTURY

Volume 1, *Balfour to Chamberlain*

John P. Mackintosh, editor

The purpose of this study is to assess the nature and extent of prime-ministerial power as it evolved during the post-1900 period and to determine the premier's capability to influence national policies. The result is a series of essays showing how different men have tackled the same job, all of whom succeeded in implanting their personalities on their cabinets and administrators.

MODERN BRITISH SOCIETY

A Bibliography

John Westergaard, Anne Weyman,
Paul Wiles, compilers

An essential reference tool for students of British society, politics, economics, and contemporary history, this is an exhaustive survey of the published literature on British life since the late nineteenth century.

Published August 1977 180 pages
ISBN 0-312-53775-1 \$16.95, cloth

THE VIKINGS IN BRITAIN

H. R. Lyon

Making use of a broad variety of sources, H. R. Lyon separates the historic realities from the romantic fantasies which have too often clouded the concept of the Vikings. He assesses the long- and short-term effects of the invasions of Britain and evaluates the Viking influence on British history and culture.

MONMOUTH'S REBELS

Peter Earle

In this new study of Monmouth's Rebellion, Peter Earle concentrates his attention on the rebels rather than on their well-known leader. He presents a convincing profile of the men who fought and died for their own ideals and the ill-starred Duke of Monmouth. In this account the loyalty, determination and courage of the rebel rank and file is often in strong contrast to the indecision and treachery of their leaders.

ISBN 0-312-54512-6 \$13.95, cloth

THE DEBATE ON THE ENGLISH REVOLUTION

R. C. Richardson

Dr. Richardson's learned but highly readable study shows exactly why the English Revolution remains one of the most highly controversial subjects in history—a subject which has never failed to attract the most eminent historians from Clarendon to Tawney and Hill.

Published September 1977 200 pages
ISBN 0-312-18890-0 \$14.95, cloth

THE VICTORIAN FAMILY

Anthony Wohl, editor

THE VICTORIAN FAMILY gathers the research of nine American scholars who examine Victorian family life from several points of view. All the authors look at the family as both the fundamental social unit and a microcosm reflecting the values, attitudes, social configurations, and conflicts of the larger society.
