The Left Heart in Congenital Heart Disease

will take place on: **Saturday 11th - Tuesday 14th September, 1999**

at Royal College of Surgeons, London, England

The symposium will commence with the normal, and work its way through the anatomic structure found in the systemic circuit, looking also at specific aspects of the left ventricle in entities such as atrioventricular septal defect, hypoplastic left heart syndrome, and hypertrophic cardiomyopathy.

- ◆ The Normal Left Ventricle
- ◆ Congenital Malformations of the Mitral Valve
 - ◆ Aortic Valvar Stenosis
- ◆ Complex Problems involving the Outflow Tract
 - ◆ Hypoplastic Left Heart Syndrome
 - ◆ Hypertrophic Cardiomyopathy in Children
- ◆ The Left-sided Chambers in Atrioventricular Septal Defect
 - ◆ Anomalies of the Coronary Arteries
 - ◆ Arch Obstruction in the Neonate
 - Aortic Coarctation in the Older Child

EDITORIAL COMMENTS	
Bidirectional cavopulmonary anastomosis T. R. Karl	2
Is balloon dilation a reasonable option for the palliation of Fallot's tetralogy? R. Arnold	4
REVIEW	
Real fate of pulmonary arteries after bidirectional superior cavopulmonary anastomosis: is there a need for concern? Z. Slavik, R. C. G. Franklin, R. Radley-Smith	6
ORIGINAL ARTICLES	
Balloon dilation of the right ventricular outflow tract in tetralogy of Fallot: a palliative procedure S. M. Arab, A-F. E. Kholeif, S. R. Zaher, A. M. Abdel-Mohsen, A. Samir Kassem, S. A. Qureshi	11
Balloon valvoplasty in infants with tetralogy of Fallot: effects on oxygen saturation and growth of the pulmonary arteries A. Heusch, A. Tannous, O. N. Krogmann, M. Bourgeois	17
Palliative balloon valvoplasty of the pulmonary valve in tetralogy of Fallot I. Massoud, A. Imam, A. Mabrouk, N. Boutros, A. Kassem, A. Daouod, M. A. El Hakem	24
Natural course of supra-valvar aortic stenosis and peripheral pulmonary arterial stenosis in Williams' syndrome Y. M. Kim, S-J. Yoo, J. Y. Choi, S. H. Kim, E. J. Bae, Y.T. Lee	37
Continuous monitoring of cardiac output in neonates using an intra-aortic Doppler-probe P. Ewert, N. Nagdyman, T. Fischer, L. Gortner, P. E. Lange	42

Table of Contents *continued*

Banding of the pulmonary trunk in preparation for a Fontan operation T. Sakamoto, Y. Harada, T. Takeuchi, K. Morishima, G. Satomi, S. Yasukochi, Y. Ohta	49
Left bundle branch block in infants with dilated cardiomyopathy conveys a poor prognosis J. F. Cnota, R. A. Samson	55
Mild or subclinical intravascular hemolysis subsequent to transcatheter occlusion of the patent arterial duct V. Jamjureeruk, T. Kirawittaya, V. Ningsnonth	58
BRIEF REPORTS	
Fatal neonatal hypertrophic cardiomyopathy with severe stenosis of the right ventricular outflow tract: echocardiographic diagnosis and potential therapy T. Orino, T. Ito, G. Takada	63
Infective endocarditis on an occluder closing an atrial septal defect A. M. Bullock, S. Menahem, J. L. Wilkinson	65
Divided left atrium in association with tricuspid atresia and discordant Ventriculo-arterial connections A. Dindar, W. J. Brawn, J. V. De Giovanni	68
Aneurysm of the pulmonary trunk with patent arterial duct C. Alva, R. Arguero, G. Valero	70
Atrioventricular septal defect with separate right and left atrioventricular valvar orifices in a patient with fetal hydantoin syndrome V. Grech, C. Vella	73
Tetralogy of Fallot with non-confluent pulmonary arteries and aortopulmonary septal defect A. I. Dipchand, M. Giuffre, R. M. Freedom	75
Declining mortality from congenital heart disease related to innovations in diagnosis and treatment: a population based study V. Grech, C. Savona-Ventura	78
Cross-sectional echocardiographic demonstration of duct-related intimal tissue plaques within the pulmonary artery A. R. Gennery, A. S. Hunter	81

Table of Contents

continued

An unusual tethering of the bridging leaflets in atrioventricular septal defect producing a communication from left atrium to right ventricle C. Delgado, O. Bonnin, F. Barturen	84
CONTINUING MEDICAL EDUCATION	
Outcome of pregnancy in women with congenital heart disease A. A. Schmaltz, U. Neudorf, U. H. Winkler	88
IMAGES IN CONGENITAL HEART DISEASE	
Acute dissection during aortography in a patient with William's syndrome T. W. S. Turner, M. J. Tyrell, A. P. Kakadekar	97
CLINICO-PATHOLOGICAL CORRELATION	
Sudden death in an adult with a small ventricular septal defect and an aneurysmal membranous septum B. Sarubbi, L. M. Gerlis, S. Y. Ho, J. Somerville	99
THE PAEDIATRIC CARDIOLOGY HALL OF FAME: HELEN BROOKE TAUSSIG	104
LETTER TO EDITOR	109
