

Erratum

Due to a printer's error, two of the figures that accompanied "Sentence comprehension limitations related to syntactic deficits in reading-disabled children" by Cecile L. Stein, Helen S. Cairns, and Edgar B. Zurif, published in Volume 5, Number 4, pp. 305–322, were incorrect, and the captions for all of the figures were omitted. We reprint here all of the figures, correctly, with captions. Our apologies for the error.
