### A/Z

Essays in Honor of Alexander Zholkovsky

EDITED BY DENNIS IOFFE, MARCUS LEVITT, JOE PESCHIO,  
AND IGOR PILSHCHIKOV

This bilingual collection in honor of the great scholar and writer Alexander Zholkovsky brings together new work from forty-four leading scholars in nine countries. Like Zholkovsky's oeuvre, this volume covers a broad range of subjects and employs an array of approaches. Topics range from Russian syntax to Peter the Great, literary theory, and Russian film. The articles are rooted in computational analysis, literary memoir, formal analysis, cultural history, and a host of other methodological and discursive modes. This collection provides not only a fitting tribute to one of the most fascinating figures of Russian letters but also a remarkable picture of the shape of Russian literary scholarship today.

**"A huge book of brilliant nuggets, it lights up the contours of our field today while paying perfect vignette-like tribute to Alik's long non-conformist career, as fascinating and inscrutably flexible as it was often perilous."**

— Cary Emerson, Princeton University

### Odessa Recollected

The Port and the People

PATRICIA HERLIHY

The present Ukrainian city of Odessa, formerly an economic asset for the Russian Empire and a resort town for the Soviet Union, always a non-conformist city at once rambunctious and European in style, has become a contested area. Imperial Russian tsars and Soviet leaders maintained an ambivalent attitude towards the maverick city, appreciating the fame and fortune it generated, but also leery of the activities of secret foreign national societies, pogromists, revolutionaries, and simply the perceived lack of patriotism in the singular city so far away from the heart of Russia. With the withering of the lucrative grain trade by the time of the Soviet Union, Odessa became a neglected city, drained of its foreign flavor. With the independence of Ukraine in 1991, there were hopes raised that the architectural beauty and economic prospects of the city would be revived. Given the current hostilities in Eastern Ukraine, with the potential of the Odessa area becoming a possible land bridge to the Crimean Peninsula, the fate of the former Pearl of the Black Sea hangs in suspension. The present book brings together—indeed, re-collects—some of the most valuable and thought-provoking research on Odessa and its culture, community, and economy published by Patricia Herlihy over several decades of her work.
