# A GREEK GRAMMAR AND EXERCISES

by Prof. S. DAVIS

M.A. (Cantab.), D.Litt. (Witwatersrand)

This book has been written after many years' experience both as student and lecturer. Its aim is to provide both grammar and exercises. In the brief time allotted to the teaching of Greek it has been found that the essentials of Greek grammar and syntax must be learned—there is no short cut. Nevertheless, the material necessary for a foundation in the language can be presented clearly and lucidly. As will be seen from the arrangement of the sections of this book, two terms are postulated for a first-year university course. Schools, however, may sub-divide the subject matter so as to cover four or more terms. They will find the matter and the arrangement in this book eminently suitable for their purpose.
