Editorial

Improving outcomes in necrotising otitis externa, telephone clinics, and topical pimecrolimus for chronic eczematous external otitis: *J Fishman, E Fisher* 573

Review Articles

Emerging themes in necrotising otitis externa: a scoping review of the literature from 2011 to 2020 and recommendations for future research: *E Stapleton, G Watson* 575

Management of retraction pockets: historic and novel approaches: *D Spinos, S Mallick, O Judd* 582

A systematic review and meta-analysis of otorhinolaryngological manifestations of coronavirus disease 2019 in paediatric patients: *M Yadav, A Singh, J Meena, JM Sankar* 588

Main Articles

Characteristics, management and outcome of a large necrotising otitis externa case series: need for standardised case definition: *SH Hodgson, VJ Sinclair, J Arwyn-Jones, K Oh, K Nucken, M Perenyi, V Sivapathasingam, P Martinez-Devesa, ST Pendlebury, JD Ramsden, PC Matthews, P Pretorius, MI Andersson* 604

Telephone clinic outcomes during the coronavirus disease 2019 pandemic: results from an ENT department: *S Mallick, R Balakumar, A Drysdale* 611

Telephone consultation for two-week-wait ENT and head and neck cancer referrals: initial evaluation including patient satisfaction: *A Rovira, S Brar, T Munroe-Gray, E Ofo, C Rodriguez, D Kim* 615

A systematic review of interventions to prevent work-related musculoskeletal disorders in ENT surgeons: *B Storey, M Verkerk, A Hashtroudi, D Golding-Wood* 622

Vaccination rates in cochlear implant patients: a review of paediatric recipients: *O Rose, R Moriarty, C Brown, H Teagle, M Neeff* 628

Submersion with grommets: contamination is possible at minimal depth, as demonstrated with a novel middle-ear model: *E Farrell, A Gendre, L Viani, F Glynn, P Walshe* 632

Topical treatment of eczematous external otitis involving the ear canal: long-term results of a trial comparing pimecrolimus 1 per cent versus clobetasone butyrate 0.05 per cent: *Z Nemeth, E Verga, R Verdolini* 635

Midnasal stenosis in adults with normative values: *O Ozturan, E Senturk, R Dogan, A Ozdem, F Aksoy* 639

ENT symptoms of mask-wearing in the coronavirus disease 2019 era: *S Koseoglu, K Cakıcı, M Demirtaş, O Gokdogan, H Ucuncu* 645

Prevalence and evaluation of oropharyngeal dysphagia in patients with severe acute respiratory syndrome coronavirus 2 infection in the intensive care unit: *R Mallart, C Rossignol, JB Poppe, G Prum, F Tamion, B Veber, E Verin* 649

Paediatric day-case tonsillectomy – parent satisfaction questionnaire: *S Garry, I O’Riordan, J Wauchope, H Lehane, E Phelan, C Heffernan* 654

An awareness and prevalence study of Irish cold-water athletes and external auditory canal exostoses: *S Boyle, R Keane, M Jinih, E McCarthy Deering, N Patil, M Choo* 659

Short Communication

Necrotising otitis externa and how to reduce length of hospital stay: a complete audit cycle of 77 hospital admissions: *H Mohammed, J Chean Khun Ng, MH Qureshi, P Yates* 668

Book Review 674
