An Expression of Thanks

The staff of the *History of Education Quarterly* would like to thank Diana L. Bush for her many contributions over the last three years. Diana has now completed a year-long tenure as associate editor, with special responsibility for book reviews, but she has been integrally involved in every facet of our work. When the *Quarterly* first arrived in Bloomington, she labored tirelessly to help organize our offices and to establish new procedures for subscriptions. We will miss Diana for many reasons, especially her professional contributions and good cheer. Our labors would have been much heavier and less pleasant without her.

Annual Meeting

The 1988 meeting of the History of Education Society will be held in conjunction with the American Educational Studies Association in Toronto, Canada, November 4–6, 1988.
