

# A class of degenerate elliptic equations with nonlinear boundary conditions – WITHDRAWAL

Zhuoran Du, Yanqin Fang, and Changfeng Gui

Published by the Canadian Mathematical Society, June 27, 2016

An article by Du, Fang, and Gui [1] was officially withdrawn on February 14, 2017 (after online publication), by request of the authors, due to an error in a proof. The article will not appear in a future print publication of the *Canadian Mathematical Bulletin*, and the original article has been marked accordingly to reflect the withdrawal.
