

ERRATUM

Genet. Res., Camb. (1986), **48**, pp. 175–178

A chromosomal segment conserved since divergence of lineages leading to man and mouse: the gene order of aminoacylase-1, transferrin and beta-galactosidase on mouse chromosome 9

BY JOSEPH H. NADEAU

In the summary on page 175 and in the last paragraph on page 176, the second aminoacylase locus, *Acy-2*, was inadvertently described as requiring MgCl_2 . The correct compound is MnCl_2 .
