With Twenty-nine Illustrations by the Author.

LECTURE

- I. ANCIENT COSTUMES.
- II. BYZANTINE AND ROMANESQUE ART.
- III. ON THE PAINTERS OF THE EIGHTEENTH CENTURY.
- IV. "DAVID" AND HIS SCHOOL.
- V. ON THE MODERN SCHOOLS OF EUROPE.

- VII. COLOUR.
- VIII. ON DECORATIVE PAINTING.

These Lectures were originally delivered to the Students of the Royal Academy during the years 1876 to 1882. The author now submits them to the general public, and if any excuse for his presumption is needed, it must be looked for in the numerous and attentive student audiences he always has had, and who, by their evident appreciation of his teaching, have fostered the idea that a selection from the Lectures might prove interesting to others outside the Academic walls.

DR. HUNTER'S HISTORY OF INDIA FOR SCHOOLS.

SECOND EDITION, crown 8vo, cloth, with Map, price 3s. 6d.

**A BRIEF HISTORY OF THE
INDIAN PEOPLE.**

By W. W. HUNTER, LL.D.

Director General of Statistics to the Government of India; Author of "The Imperial Gazetteer of India," "The Indian Empire," "The Indian Musalmans," &c.

EDINBURGH DAILY REVIEW.—"It is a storehouse of facts, marshalled in masterly style, and presented, as history should be, without the slightest suspicion of prejudice or suggestion of partisanship. The usefulness of the book is increased by the addition of an index, alike explicit and exhaustive."

DAILY NEWS.—"Although designed as a popular handbook, the little volume is a work of authority, and of original value."

SCOTSMAN.—"The book is excellently adapted either as an introduction to more extended studies on the subject, or to give a respectable measure of general knowledge to people who have not the time or opportunity to acquire more."

THE TIMES OF INDIA.—"We part from Dr. Hunter with much respect for the care and trouble he has taken in writing this small manual. We consider it to be far the best manual of Indian History that has hitherto been published, and quite equal to any of the Historical Series for Schools, edited by Dr. Freeman. We trust that it will soon be read in all the schools in this Presidency."

By EDWIN ARNOLD, M.A., C.S.I.

Author of "The Light of Asia," &c., &c.

THE TIMES.—"Mr. Edwin Arnold has succeeded in producing a delightful collection of Oriental stories in verse."

THE DAILY NEWS.—"Displays an astonishing wealth and variety of mystical and devotional imagery and allegory, not without a keen perception of the finer and larger human feeling and instinct which has given to the faith of the Moslem its fascination, and is, perhaps, the secret of its power."

THE ILLUSTRATED LONDON NEWS (G. A. SALA).—"I am reading Mr. Edwin Arnold's book with intense delight, for the sake of its majesty and eloquence, its wealth and beauty of imagery, and its sweet and harmonious numbers."

THE LEEDS MERCURY.—"Mr. Arnold . . . appends to each some illustrative legend, tradition, record, or comment, drawn from various sources. These are given in verse, and many of their passages are splendidly written."

LIFE.—"A volume of tasteful verses."

THE EDINBURGH DAILY REVIEW.—"This new volume is one of great interest and value and it contains many gems."

THE BOOKSELLER.—"There is music in Mr. Arnold's lines, and great diversity of metre; and if the Koran sounds as sweetly to the Eastern ear, it is scarcely to be wondered at that they regard it with loving awe."

AN INDEX TO PERIODICAL LITERATURE.

By WILLIAM FREDERICK POOLE, LL.D.

Librarian of the Chicago Public Library.

THE SATURDAY REVIEW.—“One of the marvels of bibliographical research and industry. . . . Those who have need of such a work of reference owe no little debt of gratitude to those who have undertaken the gigantic labour of completing it.”

THE ATHENÆUM.—“It is scarcely needful to remark that it is difficult to review a book like this. Indeed, the enormous toil Mr. Poole has gone through can hardly be rightly estimated by any one who is not himself a cataloguer, and it would, as the compiler says, have been impossible to bring out this new edition of his ‘Index’ had he not obtained the assistance of a number of other librarians of like minds to his own. The Americans have developed a strong taste for bibliography. When the American Library Association held its first meeting in 1876, Mr. Poole speedily found he was not to be left in peace. He was summoned to set to work again at the head of a band of volunteers, and the International Conference of Librarians in London brought him an accession of English assistants. The result of the combined labour of these enthusiasts is a large octavo of 1,400 pages. Mr. Poole and his sub-editor are busy men, occupied during the day; and the whole of their work on this huge volume has been done at night. To produce such a book within six years would, one would have thought, have been occupation enough for the day hours of any two men; that it should have been accomplished after the day’s labours were over certainly shows a marvellous amount of energy. To the industry and accuracy of those who carried their labours to a close every page of this book testifies: and it is impossible not to admire the single-hearted devotion of the compilers. . . . The work is so well done and so useful that the question whether it could have been better done may be left alone. Mr. Poole may well be proud of a work which will make his name famous on both sides of the Atlantic, and Chicago may well be proud of the industry and energy of her librarian.”

THE BOOKSELLER.—“It is a master-key to a mine of literature which is unexplored and unexplorable unless the aid of this index is available. . . . The librarian and the bibliographer will scarcely need more than a reminder that the volume has at length been issued, whilst to the bookseller who really wishes to be master of his calling, Poole’s Index to Periodical Literature should find a place on his private shelf, beside Watt and Alibone, and Lowndes and Low, and our own ‘Reference Catalogue.’”

THE PUBLISHERS’ WEEKLY.—“Students and writers, as well as librarians, will be thankful for the compilation of this invaluable work; the general usefulness as a guide to the rich literature buried in our magazines and reviews can scarcely be over-estimated, while as a saver of time and labour to the literary man, it is worth treble its price.”

NEW YORK CRITIC.—“There are many references to articles in magazines which the most skilful book-hunter would never have thought of, and the whole work affords a key to the contents of a vast library of epitomes of science, literature, and art.”

THE ACADEMY.—“One of the greatest and most practical of Transatlantic bibliographers is Dr. Poole, whom we have now to congratulate on the completion of a work that will earn him the gratitude of scholars alike in the Old World and in the New.”

THE ORACLE.—“We cannot refrain from paying what tribute we may to the devotion, the courage, the unselfishness of our American brethren.”

DR. J. COLLIS BROWNE'S ORIGINAL AND ONLY GENUINE.

COUGHES,

COLDS,

ASTHMA.

BRONCHITIS.

DR. J. COLLIS BROWNE'S CHLORODYNE
D—This wonderful remedy was discovered by Dr. J. COLLIS BROWNE, and the word Chlorodyne coined by him expressly to designate it. There never has been a remedy so vastly beneficial to suffering humanity, and it is a subject of deep concern to the public that they should not be imposed upon by having imitations pressed upon them on account of cheapness, and as being the same thing. Dr. J. COLLIS BROWNE'S CHLORODYNE is a totally distinct thing from the spurious compounds called Chlorodyne, the use of which only ends in disappointment and failure.

DR. J. COLLIS BROWNE'S CHLORODYNE
D—Vice-Chancellor Sir W. PAGE WOOD STATED PUBLICLY in Court that Dr. J. COLLIS BROWNE WAS UNDOUBTEDLY THE INVENTOR of CHLORODYNE, that the whole story of the defendant was deliberately untrue, and he regretted to say it had been sworn to.—See *The Times*, July 13th, 1864.

DR. J. COLLIS BROWNE'S CHLORODYNE
D is a LIQUID MEDICINE which ASSUAGES PAIN of EVERY KIND, affords a calm, refreshing sleep, WITHOUT HEADACHE, and INVIGORATES the NERVOUS SYSTEM when exhausted.

DR. J. COLLIS BROWNE'S CHLORODYNE rapidly cuts short all attacks of
EPILEPSY, SPASMS, COLIC,
PALPITATION, HYSTERIA.

GREAT SPECIFIC FOR

CHOLERA, DYSENTERY,

DIARRHŒA.

THE GENERAL BOARD OF HEALTH, London, REPORT that it ACTS as a CHARM, one dose generally sufficient.

Dr. GIBBON, Army Medical Staff, Calcutta, states—"TWO DOSES COMPLETELY CURED ME of DIARRHŒA."

From SYMES & Co., Pharmaceutical Chemists, Medical Hall, Simla.—January 5th, 1880.

To J. T. DAVENPORT, Esq., 33 Great Russell St., Bloomsbury, London.

DEAR SIR—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, and Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of

CHLORODYNE.

duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a deliberate breach of faith on the part of the chemist to prescriber and patient alike.—We are, Sir, faithfully yours,

SYMES & CO.

Members of the Pharm. Society of Great Britain,
