Co-Editors

Paul Bloom, Yale University, USA
Barbara L. Finlay, Cornell University, USA

Behavioral and Brain Sciences is the internationally renowned journal with an innovative format known as Open Peer Commentary. Particularly significant and controversial pieces of work are published from researchers in any area of psychology, neuroscience, behavioural biology or cognitive science, together with 20–30 commentaries on each article from specialists within and across these disciplines, plus the author's response to them.

Editor-in-Chief

Kathleen Y. Haaland, NM VA Healthcare System,
Albuquerque, USA

Journal of the International Neuropsychological Society aims to further scientific and research activities in neuropsychology and enhance communication among its cognate member disciplines. The journal publishes scholarly, peer-reviewed articles and includes original research, timely review articles and transactions of the annual meetings of the International Neuropsychological Society.

Editor

Martha Crago, Université de Montréal, Canada

Applied Psycholinguistics publishes original research papers on the psychological processes involved in language. It examines language development and disorders in adults and children with and without developmental disabilities. Articles in *Applied Psycholinguistics* address the nature, acquisition, and impairments of language expression and comprehension, including writing and reading. This journal collects the best work from across linguistics, psychology, reading, education, language learning, sociology, speech and hearing, and neurology.
