(signature of witness, who should not be your spouse)

Address .....

\* The first payment must be received within 1 year from this date.

# MAMMAL REVIEW

## Editors

**D.W. Yalden** PhD, *Department of Environmental Biology, University of Manchester, Manchester M13 9LD, U.K.*

**G.R. Hosey** PhD, *Department of Psychology, Bolton Institute of Higher Education, Bolton BL3 5AB, U.K.*

*Mammal Review* is an official publication of the Mammal Society, dedicated to the promotion of mammalian studies. It is not intended for the publication of the results of original research but rather as a secondary journal, carrying reviews of, and reports on, any aspect of mammalogy. It also serves to report the proceedings of the Society's Symposia, which again are of a review nature. Nowadays there are relatively few people who study a taxonomic group *per se*; many more become interested in the groups through the pursuit of one of the sub-disciplines such as ecology, behaviour, anatomy, physiology, genetics, etc. The journal therefore has an interdisciplinary nature and is

intended for a wide readership, both amateur and professional. Contributions which promote the dissemination of knowledge of mammals or encourage their study are invited, particularly those which describe work in progress in the various disciplines and which help to bridge interdisciplinary gaps. Reports on the status and distribution of mammalian species are also welcomed.

## Subscription Information

*Mammal Review* is published quarterly. Subscription rates for 1994 are £86.00 (Europe), £95.00 (overseas) and US\$142.00 (USA & Canada) post free. (Canada – please add 7% GST).

## Order Form

Please tick the appropriate box and return to the address below:

- I would like to subscribe to *Mammal Review*
- I wish to pay by cheque and enclose the sum of £ \_\_\_\_\_ US\$ \_\_\_\_\_
- I wish to pay by Access / American Express / Barclaycard / Diners Card / VISA / Mastercard (delete as necessary). Please debit my credit card number:

\_\_\_\_\_ Expiry date / /

with the sum of £ \_\_\_\_\_ US\$ \_\_\_\_\_ Signature \_\_\_\_\_ Date / /

**European Community VAT.** Subscribers in Europe must quote their VAT registration number or state that they are not registered. Subscribers in the Netherlands who are not VAT registered must add 6% to the subscription price.

VAT registration number \_\_\_\_\_ I am not registered for VAT

- Please send me a specimen copy of *Mammal Review*

## ORYX: NOTES FOR CONTRIBUTORS

**General** *Oryx* publishes original articles and reports dealing with the conservation of species and habitats world-wide, with particular emphasis on those that are endangered. All submissions are reviewed by at least two referees. It is helpful if authors suggest at least one referee who is qualified to judge the work objectively.

Submissions should be sent to the Editor, FFPS, 1 Kensington Gore, London SW7 2AR.

After acceptance papers may be edited to enhance clarity. Where major changes have been made edited manuscripts are returned to authors before type-setting. Page proofs are sent to all authors for approval before going to press. Contributors receive two free copies of the journal and will be entitled to buy additional copies at £2.00 each, post free. Offprints may be ordered at cost price.

Contributions should be concise but informative, normally in English. Articles should be as short as possible, preferably under 2500 words, and very short articles are acceptable.

**Manuscripts** should be typed on one side only and double-spaced on A4 paper (208x298 mm). The left-hand margin must be at least 40 mm wide. Two copies should be submitted and authors are also invited to submit papers on disk (IBM compatible or Apple format).

Footnotes should be avoided but, if necessary, should be indicated with asterisks in the text. The author's name and postal address should follow any acknowledgments and references at the end of the article.

**References** in the text should give the author's name with the year of publication in parentheses. The reference list should be in alphabetical order and include the full article title.

References should be given according to the abbreviations in the *World List of Scientific Periodicals*. Thus:

Aveling, C. and Harcourt, A.H. 1984. A census of the Virunga gorillas. *Oryx*, **18**, 8–13.

Hartshorn, M.G. 1983. Wildlife conservation in Central America. In: *Tropical Rain Forest: Ecology and Management* (eds S. L. Sutton, T. C. Whitmore and A. C. Chadwick), pp. 421–423. Blackwell Scientific Publications, Oxford.

**Illustrations** are welcomed and ideally should be glossy, black-and-white whole-plate prints. Good colour slides are acceptable if black-and-white photographs are not available.

**Line drawings** and maps should be in black ink on strong white or translucent paper. Lettering on maps and figures should be sent on a separate copy of the figure along with the unlabelled original.

Captions for figures should be typed consecutively on a separate sheet.

**Tables.** Each table should be self-explanatory and typed on a separate sheet with an appropriate caption.

**Scientific names** should be underlined and not placed in parentheses. Species' names should follow a checklist, which should be mentioned in a covering letter where there is a risk of confusion.

The first time a species is mentioned its scientific name should be given. English names should be in lower case throughout except where they incorporate a proper name.

**Paper.** The publisher's policy is to use acid-free permanent paper, to the draft standard ISO/DIS 9706, made from sustainable forests using chlorine-free pulp. The paper used in this journal has an ECO-CHECK 4-star rating.
