Building the Judiciary

Law, Courts, and the Politics of
Institutional Development

Justin Crowe

“With the arrival of this book, the idea that elected politicians and unelected judges operate in separate spheres finally has to be put aside. A blockbuster work, this magnificent rendition of how Congress has built federal judicial power invites us to recognize the national judiciary as a central actor *in* American politics, placed there by continuous legislative design.”
—Rick Valelly, Swarthmore College

Note to Contributors

The editors welcome unsolicited article manuscripts for review, but commission all book reviews. Authors should submit their manuscripts online at <http://journals.cambridge.org/lhr>. Step-by-step instructions on the website explain the submission process. Manuscripts must be double-spaced typescript throughout, with citations prepared according to the *Chicago Manual of Style*, 15th ed. The *Review's* style guides for articles and book reviews are available on the *LHR* web page at <http://journals.cambridge.org/lhr>. Please use word processing. Submitted manuscripts are subject to double-blind peer review; authors should therefore identify themselves on the title page only. Accepted manuscripts are copyedited for style but not substance; authors remain responsible for citation accuracy and for all statements of fact or opinion. *Law and History Review* will not consider any manuscript concurrently submitted for publication elsewhere. Submission of a manuscript is understood to commit its author to publish the manuscript in *Law and History Review* if accepted by the editor.
