

# Business Ethics Quarterly

*Business Ethics Quarterly* is the journal of The Society for Business Ethics, a non-affiliated international scholarly association of persons interested in business ethics. The Society for Business Ethics holds annual meetings in conjunction with the Academy of Management as well as special sections at American Philosophical Association conventions. Besides *BEQ*, the Society publishes a quarterly newsletter.

*BEQ*'s purpose is to publish scholarly articles from a wide variety of disciplinary orientations on the general subject of the application of ethics to the business community. The journal will address theoretical, methodological, and issue-based questions that can advance ethical inquiry or improve the ethical performance of business organizations. With the contemporary focus on international business, the journal is particularly interested in articles that discuss global business and economic concerns. The journal will also be interested in the value dimensions of gender, race, ethnicity, nationality and culture, and how these factors affect and are affected by business questions.

The Society for Business Ethics is pleased to acknowledge the financial support of Loyola University Chicago in the publication of *BEQ*. Additional support is provided by The Olsson Center for Applied Ethics, University of Virginia, and by The Wharton Ethics Program, University of Pennsylvania.
