

## Corrigendum: A palaeoenvironmental interpretation of the Silurian rocks in the Pentland Hills, near Edinburgh, Scotland

[*Transactions of the Royal Society of Edinburgh: Earth Sciences* **80** (1989), 127–141]

Gary Robertson

On page 128, left-hand column of text, lines 12, 13 and 14 should read:

'The "Gutterford Burn Limestone" is not really a limestone

as Henderson (1880) described, but rather a highly fossiliferous, hence calcareous, siltstone.'
