# Environmental Practice

Published for the National Association of Environmental Professionals

## Editor

Tim Stretton, *Saint Mary's University, Canada*

*Environmental Practice* provides a multidisciplinary forum for authoritative discussion and analysis of issues of wide interest to the international community of environmental professionals, with the intent of developing innovative solutions to environmental problems for public policy implementation, professional practice, or both. Peer-reviewed original research papers, environmental reviews, and commentaries, along with news articles and points of view, link findings in science and technology with issues of public policy, health, environmental quality, law, political economy, management, and the appropriate standards for expertise.

# Environmental Conservation

International Journal of Interdisciplinary Environmental Science

Published for the Foundation for Environmental Conservation

## Editor

Nicholas V. C. Polunin, University of Newcastle, UK

*Environmental Conservation* is one of the longest-standing, most highly-cited of the interdisciplinary environmental science journals. It includes research papers, reports, comments, subject reviews, and book reviews addressing environmental policy, practice, and natural and social science of environmental concern at the global level, informed by rigorous local level case studies. The journal's scope is very broad, including issues in human institutions, ecosystem change, resource utilisation, terrestrial biomes, aquatic systems, and coastal and land use management. *Environmental Conservation* is essential reading for all environmentalists, managers, consultants, agency workers and scientists wishing to keep abreast of current developments in environmental science. Selected papers are made freely available online as part of **EC Perspectives**.

## Instructions for Contributors

*Bird Conservation International* publishes papers and communications on subjects relevant to the conservation of birds, with a general preference for those addressing international or high national priorities.

**Submission of manuscripts.** Electronic versions of papers should be submitted online at <http://journals.cambridge.org/BCI> or, in exceptional circumstances, via email to [bcieditor@bto.org](mailto:bcieditor@bto.org). Please follow the guidelines in the Instructions for Authors.

**Proofs.** The corresponding author will receive, by email, page proofs for checking which they are required to return within three days of receipt. Textual changes in proof cannot normally be countenanced and the publisher reserves the right to charge authors for excessive correction of non-typographical errors.

**Offprints.** A .pdf proof of the published article will be emailed to the first author unless otherwise requested; printed copies may be purchased if ordered at proof stage on the form provided.

**Copyright.** Authors of articles published in the journal assign copyright to BirdLife International (with certain rights reserved) and a copyright assignment form will be sent to the author for signature on acceptance of a paper.
