Prolegomena to Homer, 1795

F. A. Wolf

Translated with introduction and notes by

Anthony Grafton, Glenn W. Most, and James E. G. Zetzel

This is the first translation into English of Friedrich August Wolf's *Prolegomena ad Homerum*, generally acknowledged as the first modern work of classical scholarship and a founding text in modern historical criticism. First published in 1795, the *Prolegomena* remains significant and influential. This edition is intended to contribute to the history of scholarship and to make Wolf accessible to modern readers. The introduction places Wolf in the context of eighteenth-century scholarship and culture. Editorial notes, corrections of Wolf's references, a biographical index, and a critical bibliography are included. \$42.00

The Road to Xanadu

A Study in the Ways of the Imagination

John Livingston Lowes

With a new introduction by *Thomas McFarland*

"No other work of American scholarship has ever had quite the impact of *The Road to Xanadu*. When it appeared in 1927, the intellectual public was dazzled. The book combined the exciting readability of an English detective novel with the massive learning and recondite reference associated with Germany; and in an America that still feared itself provincial, no credentials could have been more helpful." —*From the introduction*
