THE WELLCOME INSTITUTE FOR THE HISTORY OF MEDICINE EXHIBITIONS

- To 28 April: *'The solid nucleus and its gaseous wrappings': Historical aspects of teaching physiology*
- 5 June—29 September: *A Mirror for Medicine: some resources of the Wellcome Institute Library*

Both exhibitions will be in the exhibition area on the first floor of The Wellcome Building, 183 Euston Road, London NW1 2BP. Open 9:45–5:15 weekdays.

SONNEDECKER RESIDENCY PROGRAM, UNIVERSITY OF WISCONSIN-MADISON

Established in 1985 through the University of Wisconsin Foundation, the Sonnedecker Residency Fund will periodically aid a person or persons in pursuing a well-defined pharmaco-historical project, including short-term and multiple appointments, that would benefit from the use of the collections of the University of Wisconsin-Madison and the State Historical Society of Wisconsin.

To be considered each applicant should send (a) a biographical résumé; (b) a description, in not more than two pages, of the pharmaco-historical project, the ways that access to the Madison collections may be useful, and the length of the proposed association with the History of Pharmacy unit, University of Wisconsin-Madison; and (c) a brief statement of the sources of funding to fulfil the project, including the amount being sought. A series of essays characterizing the manuscript and printed collections available in Madison has been published in recent issues of *Pharmacy in History*, and a collated reprint will be sent to prospective applicants on request.

Applications should be sent to Prof. John Scarborough, History of Pharmacy, University Pharmacy Bldg., Madison, WI 53706, USA.
