Errata

There were several errors in the illustration of Korean published in the *Journal* 23 (1). In the consonant chart there should be no labio-dental fricative [f]. Also in the chart and throughout the illustration the symbol [j] might be preferred wherever [j] has been used. In the examples used to illustrate stress, the Korean words for 'disguise' and 'most' should show a velar nasal [ŋ] rather than [n], and the transcription of the recorded passage should read ['iŋjʌŋhaji] in the last line.
