The Authority of Law

Essays on Law and Morality

Joseph Raz

This book is concerned with the nature of law and its relation to morality, and concentrates on the issue of the proper moral attitude of a citizen towards the law of his country. It begins with a discussion of the concept of legitimate authority and then gives a detailed explanation and defence of the legal positivist's approach to law. £10

Law and Legal Science

An Inquiry into the Concepts *Legal Rule*
and *Legal System*

J. W. Harris

The true nature of *legal rule* and *legal system* is a fundamental question of legal theory. Dr. Harris is chiefly concerned to investigate the part these concepts play in legal science – the professional lawyer's activity of describing the clear law and predicting or advocating resolutions of the unclear law. £7.50

The Creation of States in International Law

James Crawford

Disputes about statehood have been one of the most common causes of international concern. Many of the most pressing disputes centre upon, or involve, a problem of territorial status or statehood. This book attempts a synthesis of modern State practice on the topics of recognition, the criteria for statehood, and the creation of States by consent or revolution. £18

The Rise and Fall of Freedom of Contract

P. S. Atiyah

This book is an attempt to trace the history of one of the great intellectual movements of modern times. It is written from the standpoint of a lawyer, but a serious attempt is made to probe the additional dimensions of politics, economics, and morality. It takes full account of the work of Parliament as well as of the judges. £30

Anson's Law of Contract

Edited by A. G. Guest

'It is . . . a great merit of *Anson* that it presents an increasingly complex subject with remarkable lucidity', said the *Law Quarterly Review* of the last edition. For this Centenary edition the book has been fully updated and a number of chapters have been rearranged to assist the clarity of exposition and to reflect the movements that have occurred in the basic structure of contract law since the last edition. Twenty-fifth (Centenary) edition £15 paper covers £9.50

Precedent in English Law

Sir Rupert Cross

Established with law students, teachers, and practitioners of law as the most comprehensive account of the contemporary English rules of precedent, this book deals with the sources of law, legal reasoning, and legal theory, and examines the general jurisprudential problems to which case-law in general and the English doctrine of precedent in particular give rise. Third edition paper covers £3.95 *Clarendon Law Series*

Cases in Constitutional Law

D. L. Keir and F. H. Lawson

Revised by F. H. Lawson and D. J. Bentley

This is a new edition of a long-established textbook. The treatment of parliamentary sovereignty now includes sections dealing with the problems raised by the entry of the United Kingdom into the E.E.C. and also the growing practice of protecting the liberties of the subjects by means of formal Bills of Rights. Sixth edition £15 paper covers £6.95

English Courts of Law

H. G. Hanbury and D. C. M. Yardley

This book provides a stimulating account of English courts, judges, and the legal profession, set in their historical context. 'Law students will find it a godsend, as will practitioners who want a really readable account embracing the latest significant changes in the English system.' *University of California Law Review*. Fifth edition £4.95 paper covers £2.25
