

Journal of International and Comparative Social Policy

Peer review integrity

All research articles in this journal, including those in special issues, special sections or supplements, have undergone rigorous peer review. This generally involves initial editor screening and anonymized refereeing by at least two independent reviewers.

Instructions for contributors

For more information about the journal and guidance on how to submit, please see www.cambridge.org/core/journals/journal-of-international-and-comparative-social-policy
