This tenth volume of the *Annual Review of Applied Linguistics*, like the preceding volumes which were published beginning in 1981, is respectfully dedicated to the many professional Applied Linguists who were involved in helping to launch and sustain this publication; to those who have helped to formulate the framework for this and the previous volumes; to those who have generally contributed to the series, and to all Applied Linguists and their students who, hopefully, will reap some benefit from its existence.

Annual Review of Applied Linguistics

Vol. 10 • 1989
