## The Henry A. Wallace Center for Agricultural & Environmental Policy at Winrock International

*The American Journal of Alternative Agriculture (AJAA)* was launched in 1986 by the US-based Institute for Alternative Agriculture, a nonprofit organization established in 1983. Renamed the Henry A. Wallace Institute for Alternative Agriculture in 1993, this organization became part of Winrock International in 2000. The AJAA was published for 16 years by these three founding and successor institutions. The Henry A. Wallace Center for Agricultural & Environmental Policy at Winrock International continues to advise CABI Publishing on matters relating to the future shape and direction of the journal.
