Editorial

Balloon Eustachian tuboplasty, revision sinus surgery, mental health in paediatric cochlear implant patients and medico-legal aspects of laryngoscopy: *EW Fisher, J Fishman* 473

Review Article

Informed consent in balloon Eustachian tuboplasty: a systematic review of possible complications and preventive measures: *SZM Hussain, S Hashmi, A Qayyum* 474

Main Articles

The role of ChatGPT in enhancing ENT surgical training – a trainees' perspective: *L Brennan, R Balakumar, W Bennett* 480

The mental health of paediatric cochlear implant recipients: *S-J Ma, S-X Li, H Tan, C Chen, P-P Bian, B-C Xu, Y-F Guo* 487

Exploring sensory processing abilities in adults with acquired hearing loss: *BT Dal, B Çetin, EN Şimşek, G Bumin* 496

Tracing of *Helicobacter pylori* in the middle ear and mastoid mucosa of patients under 18 years of age with chronic otitis media (with and without cholesteatomas): *FJ González-Eslait, PA Blanco-Sarmiento, K Bejarano-Dominguez, JM Barreto, E Ruiz-Tejada* 503

Fusion computed tomography–magnetic resonance imaging scans for pre-operative staging of congenital middle-ear cholesteatoma: *F Maccarrone, C Cantaffa, M Genovese, S Tassi, M Negri* 507

A comprehensive approach to rhinoplasty for thick-skinned patients: *B Baser, S Dev, S Mukhopadhyay* 512

The effect of nasal douching by hypertonic 2.3 per cent sea water with algae extracts on the concentration of epidermal growth factor, transforming growth factor- α and interleukin-8 in nasal secretions of patients with nasal polyposis following endoscopic surgical treatment: *A Perić, D Gaćeša, SV Kovačević, AV Perić, D Vojvodić, S Georgiou, E Protopapadakis, K Alevizopoulos* 520

Multivariate analysis of clinical and radiological risk factors for revision endoscopic sinus surgery in patients with chronic rhinosinusitis with nasal polyps: can phenotype predict recurrence?: *E Eren, A İşlek, YB Bakış, S Altay* 527

Optimisation of reduction for prolapsed silicone tube after lacrimal intubation: *X Shen, C Huang, S Wang, J Wen* 535

Anatomical studies and early results on endoscopic transoral medial pterygomandibular fold approach to salvage retropharyngeal lymphadenectomy in nasopharyngeal carcinoma: *K Xue, J Liu, Q Liu, H-K Zhang, Q Liu, J Li, X-W Jiang, K-Q Zhao, Y Gu, X-L Song, X-C Sun, H-M Yu* 540

Transoral robotic tongue base mucosectomy for head and neck cancer of unknown primary: six-year outcome experience: *B Mettias, H Nijim, D Laugharne, S Mortimore* 548

Medico-legal liability of injuries arising from laryngoscopy: *CG Fritz, SD Monos, D Romeo, A Lowery, K Xu, J Atkins, K Rajasekaran* 554

Bilateral Warthin's tumour of the parotid gland: a 16-year retrospective analysis and systematic review: *Z Siddiqui, A Gupta, RHK Nam, RCT Huynh, M Jan, K Dusu, V Dhar* 559

The extracapsular dissection technique in the management of benign tumours of the parotid gland: our experience in 194 patients: *F Allevi, P Borzi, F Valsecchi, M Cucurullo, F Bolognesi, D Rabbiosi, F Biglioli* 565

Long-term outcomes of bilateral medialisation thyroplasty in patients with vocal fold atrophy with or without sulcus: *EMJM van den Broek, BJ Heijnen, JC van der Valk, M Hendriksma, APM Langeveld, PPG van Benthem, EV Sjögren* 570

Recurrent respiratory papillomatosis disease course in immunosuppressed populations: *EL Erickson, TE Freeman, S Sun, B Koch, DZ Allen, R Sethia, B deSilva, L Matrka* 576

Short Communication

Image-guided and sialendoscopy-assisted transoral approach for parotid duct stenosis and megaduct: *M Gaffuri, L Battilocchi, L Pignataro, P Capaccio* 581

Clinical Record

More than autophony: a case of Kennedy's disease presenting with autophony as an early clinical manifestation: *H-S Lee, J Choi, D-Y Kwon* 584

Book Reviews

588

Corrigendum

590
