# CULTURAL EVOLUTION

People's Motivations are Changing,  
and Reshaping the World

RONALD F. INGLEHART, UNIVERSITY OF MICHIGAN, ANN ARBOR

*'Cultural Evolution* culminates a remarkably productive half-century's exploration of cultural change by Ronald F. Inglehart. This renowned scholar now extends the reach of his theory to global history, while honing his concepts to dissect, for example, the emergence of right-wing populism and LGBTQ activism. This is Inglehart at his most ambitious and most astute. It is a powerful book.'
