

## Corrigendum

### Prevalence of anti-*N*-methyl-*D*-aspartate (NMDA) antibodies in patients with schizophrenia and related psychoses: a systematic review and meta-analysis – CORRIGENDUM

T. A. Pollak, R. McCormack, M. Peakman, T. R. Nicholson and A. S. David

doi: 10.1017/S003329171300295X. Published online by Cambridge University Press, 13 December 2013.

In the recently published article by Pollak *et al.* (2013), a crucial word is missing from the title and should be corrected.

The additional word is *receptor* and the correct title should read:

Prevalence of anti-*N*-methyl-*D*-aspartate (NMDA) receptor antibodies in patients with schizophrenia and related psychoses: a systematic review and meta-analysis.

The error has now been rectified in the original online and print PDF and HTML copies of this article.
