## **Scottish Journal of Theology**

**Edited by THE REVEREND DR T. F. TORRANCE and  
THE REVEREND DR J. K. S. REID**

*Scottish Journal of Theology* aims to establish modern theology on a sound scientific basis which will command wide agreements. It was founded in 1948 to provide a forum for the critical inquiry and fresh thinking that were needed to end the confusion prevailing in academic theology. The journal publishes contributions of major theological and philosophical interest from the world's leading scholars and also carries articles on biblical and applied theology intended to help the preacher and teacher. It seeks to meet the needs of both university and church through constant dialogue with sciences other than theology and by engaging with topical issues.

*Scottish Journal of Theology* is a broadly-based international publication which participates in ecumenical renewal and plays an important role in theological renaissance and reconstruction.
